

CCIP ARPA Expansion

SNCS Stipend Distribution

Newly licensed Family Child Care Providers, License Exempt Providers registered with SNCS, and Small Family Child Care Providers expanding to large between 08/01/21-06/30/23 are eligible for stipend funds from the American Rescue Plan Act (ARPA).

SNCS will provide guidance to individuals who are interested in opening or expanding a licensed family childcare. Please ask us for assistance!

Once Community Care Licensing receives the application, and they determine it is complete, they will send the applicant a letter, including their license number. At this time, they can do their LiveScan (fingerprinting) and associate it with the license number.
