

TRAUMA INFORMED CARE
TRAINING & COACHING

Trauma Informed Care

Module 1 & Module 2 are a cohort and must be taken together to qualify

MODULE ONE

- Understanding brain development, and the effects of trauma on a developing brain .
- Learn strategies to understand your role and apply effective support to those that need it most.
- Learn how neuroplasticity and resiliency can mitigate the impact of trauma

MODULE TWO

- Caregiver resiliency
- Burnout and compassion fatigue
- Self-care

Join our virtual 2 part series below. Each module is worth 6 professional growth hours.

Incentives for each module completed limited to 1 per program. Some examples provided.
