

CHILDREN'S COMMUNITY CHEST PROGRAM GUIDELINES

Email application to lourdesv@sncs.org or fax to 530 272-1354, include supporting documentation.

Program Description

The purpose of the Children's Community Chest Program is to provide a discretionary fund to meet the needs of children in Nevada and Sierra Counties for which no other community support is available.

Families with children may receive a financial allocation from the Children's Community Chest if, at the discretion of the Executive Director or an officer of the Board of Directors, they have demonstrated a need. A need may relate to health, transportation, enrichment and items that directly benefit the physical or emotional needs of the child. In addition, a financial allocation may be made to support a child's participation in an activity that builds character and self-esteem, such as sports, dance, etc.

Sierra Nevada Children's Services provides equal opportunities to all Children's Community Chest applicants without regard to race, color, religion or creed, sex, marital status, national origin or ancestry, age, physical or mental disability, medical condition, sexual orientation or any other consideration made unlawful by federal, state, or local laws.

Donation Requirements

Funding for the Children's Community Chest Program will come primarily from community donations solicited through Sierra Nevada Children's Services Annual Appeal campaign. Grant funding and corporate contributions will be accepted if the conditions of the grant are not in conflict with the philosophy, guidelines and goals of the program. The program is intended to be self-sufficient, and all monies received are passed directly through to request recipients.

Request Procedures

Sierra Nevada Children's Services (SNCS) will administer the Children's Community Chest in accordance with the following guidelines:

- A Request for Funds form will be completed by the referring individual/organization and submitted to the Resource and Referral Director.
 - The form will identify the child's need and what other sources of support were sought.
 - The referring organization will certify the inability for the parent(s)/guardian(s) to financially provide for the identified need of the child.
 - A parent/guardian may not self-certify a financial need.
 - Once the request is received, the Resource and Referral Director will ensure that the request has met the above requirements and seek approval from the Executive Director.

- Children's Community Chest allocations may range from \$10.00 to \$300.00. Payment directly to a vendor or other entity is preferred. If this is not feasible, payment may be made directly to the family member. A receipt or other document will be required to verify the expenditure.

Children's Community Chest Request for Funds
 (To be filled out by the referring organization or individual)

Date: _____

Who is making the referral to Sierra Nevada Children's Services?

Referred by: _____

Organization: _____

Contact phone number: _____
